Attorney Docket No.: NL040303  
For: SMALL LOOP ANTENNA FOR  
INDUCTION READER/WRITER

COMMUNICATION

A review of the above-captioned national stage application shows that applicant identified the PCT number on the USPTO EFS-Web system as PCT/IB05/00413. As such, the Office processed the application as the national stage of PCT/IB05/00413. However, the declaration filed 18 September 2006 records the underlying international application as PCT/IB2005/050855. WIPO records show that the inventor and assignee of the subject application correspond to PCT/IB2005/050855.

Applicants must clarify the correct international application number. A petition pursuant to 37 CFR 1.182 is required to correct the papers submitted.

The Notification of Acceptance of Application Under 35 U.S.C. 371 and 1.495 (Form PCT/DO/EO/903) and filing receipt mailed 15 June 2007 are VACATED. They contain information on the application different than listed on the declaration.

Applicants have **TWO (2) MONTHS** to respond. Extensions of time are available. Failure to respond will result in the **ABANDONMENT** of the application.

Any further correspondence with respect to this matter may be filed electronically via the USPTO EFS-Web, by facsimile to (571) 273-0459, or if mailed addressed to Mail Stop PCT, Commissioner for Patents, Office of PCT Legal Administration, P.O. Box 1450, Alexandria, Virginia 22313-1450.
